

	RHINO Metal Case Slim-Line Power Supplies and Accessories	Aust\$
PSM12-078S	Switching power supply, 12 VDC (adjustable), 6A, 78W output, DIN rail mounting, slim, metal case with pluggable screw terminal connector, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$230
PSM24-090S	Switching power supply, 24 VDC (adjustable), 3.75A, 90W output, DIN rail mounting, slim, metal case with pluggable screw terminal connector, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$210
PSM24-090S-N	NEC Class 2 switching power supply, 24 VDC (adjustable), 3.75A, 90W output, DIN rail mounting, slim, metal case with pluggable screw terminal connector, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$247
PSM12-156S	Switching power supply, 12 VDC (adjustable), 13A, 156W output, DIN rail mounting, slim, metal case with pluggable screw terminal connector, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$308
PSM24-180S	Switching power supply, 24 VDC (adjustable), 7.5A, 180W output, DIN rail mounting, slim, metal case with pluggable screw terminal connector, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$298
PSM24-360S	Switching power supply, 24 VDC (adjustable), 15A, 360W output, DIN rail mounting, slim, metal case with pluggable screw terminal connector, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$430
PSM24-600S	Switching power supply, 24 VDC (adjustable), 25A, 600W output, DIN rail mounting, slim, metal case, 85-264 VAC auto selectable input, constant current short circuit protection, CSA and CE. Dual color status indicator LED, remote on/off contact and NPN output for operation monitoring. Outputs available for redundancy module. Panel mounting bracket sold separately.	\$609
	redundancy module	
PSM24-REM360S	Redundancy module, 24 VDC, 15A, 360W, for use with PSM24 power supplies. Alarm contact for operation monitoring. Inputs are hot swappable and can be loaded to 15A each.	\$288
	battery control module	
PSM24-BCM360S	Battery control module, 24 VDC, 15A, 360W for charging external lead-acid battery. Contacts provided for input and output operation, and battery level. Remote on/off contact and temperature sensing circuit included.	\$329
	buffer module	
PSM24-BFM600S	Buffer module, 24 VDC (adjustable), 25A, 600W, for use with PSM power supplies. Provides protection against brownouts or voltage dips on input power. Hold-up time is up to 4 seconds at 1.2A. Operation LED indicator on front panel.	\$426
	mounting bracket	
PSM-PANEL1	Panel mounting bracket for 78W, 90W, 156W, 180W PSM power supplies	\$24
PSM-PANEL2	Panel mounting bracket for 360W, 600W PSM power supplies	\$34
PSM-PK1	Replacement plug kit for PSM series with 72W and 90W outputs	\$11
PSM-PK2	Replacement plug kit for PSM series with 156W, 180W and 360W outputs	\$11
PSM-PK3	Replacement plug kit for PSM series redundancy module PSM24-REM360S	\$8
PSM-PK4	Replacement plug kit for PSM series buffer module PSM24-BFM600S	\$10
PSM-PK5	Replacement plug kit for PSM series battery control module PSM24-BCM360S	\$20
PSM-TS	Temperature sensor accessory for PSM series battery control module PSM24-BCM360S	\$26
PSM-JC01	Replacement link cable for PSM series redundancy module PSM24-REM360S and battery control module PSM24-BCM360S	\$9

RHINO Plastic Case Slim-Line Power Supplies		
PSP05-020S	Switching power supply, 5 VDC (adjustable), 4A 20W output, DIN rail or panel mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950, and CE.	\$150
PSP12-024S	Switching power supply, 12 VDC (adjustable), 2A, 24W output, DIN rail or panel mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950, and CE.	\$141
PSP24-024S	Switching power supply, 24 VDC (adjustable), 1A (24W) output, DIN rail mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, foldback short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$122
PSP12-060S	Switching power supply, 12 VDC (adjustable), 4A (60W) output, DIN rail mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$199
PSP24-060S	Switching power supply, 24 VDC (adjustable), 2.5A (60W) output, DIN rail mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$176
PSP12-120S	Switching power supply, 12 VDC (adjustable), 8A (120W) output, DIN rail mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$314
PSP24-120S	Switching power supply, 24 VDC (adjustable), 5A (120W) output, DIN rail mounting, slim, plastic case with pluggable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$291
PSP24-024C	Switching power supply, 24 VDC (adjustable), 1A (24W) output, DIN rail mounting, slim, plastic case with cage clamp terminal connector, 85-264 VAC / 85-375 VDC universal input, foldback short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$122
PSP12-060C	Switching power supply, 12 VDC (adjustable), 4A (60W) output, DIN rail mounting, slim, plastic case with cage clamp terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$215
PSP24-060C	Switching power supply, 24 VDC (adjustable), 2.5A (60W) output, DIN rail mounting, slim, plastic case with cage clamp terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$176
PSP12-120C	Switching power supply, 12 VDC (adjustable), 8A (120W) output, DIN rail mounting, slim, plastic case with cage clamp terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$346
PSP24-120C	Switching power supply, 24 VDC (adjustable), 5A (120W) output, DIN rail mounting, slim, plastic case with cage clamp terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, 1950 & CE. Plastic DIN rail insert provided for easy panel mounting.	\$291
PSP24-240S	Switching power supply, 24 VDC (adjustable), 10A (120W) output, DIN rail mounting, slim, plastic case with detachable screw terminal connector, 85-264 VAC / 85-375 VDC universal input, constant current short circuit protection, UL508, UL60950 and CE.	\$372
PSP24-REM240S	Redundancy module, 24 VDC, 15A, 360W, for use with PSP24 power supplies. Alarm contact for operation monitoring. Inputs are hot swappable and can be loaded to 15A each.	\$100

PS Series Metal Case DC Power Supplies		
PS12-050D	Switching power supply, 12 VDC, 4A (50W) output, DIN rail mounting, metal case with pluggable terminal connector, 93-264 VAC input, constant current short circuit protection, UL508, 1950 & CE.	\$206
PS12-075D	Switching power supply, 12 VDC, 6A (75W) output, DIN rail mounting, metal case with pluggable terminal connector, 93-132 VAC or 187-264 VAC switch selectable input, constant current short circuit protection, UL508, 1950 & CE.	\$240
PS24-050D	Switching power supply, 24 VDC, 2A (50W) output, DIN rail mounting, metal case with pluggable terminal connector, 93-264 VAC input, constant current short circuit protection, UL508, 1950 & CE.	\$184
PS24-075D	Switching power supply, 24 VDC, 3A (75W) output, DIN rail mounting, metal case with pluggable terminal connector, 93-132 VAC or 187-264 VAC switch selectable input, constant current short circuit protection, UL508, 1950 & CE.	\$211
PS24-150D	Switching power supply, 24 VDC, 6A (150W) output, DIN rail mounting, metal case with pluggable terminal connector, 93-132 VAC or 187-264 VAC switch selectable input, constant current short circuit protection, UL508, 1950 & CE.	\$327
PS24-300D	Switching power supply, 24 VDC, 12A (300W) DIN rail mounting, metal case with pluggable terminal connector, 93-132 VAC or 187-264 VAC switch selectable input, constant current short circuit protection, UL508, 1950 & CE.	\$419
PS24-500D	Switching power supply, 24 VDC, 20A (500W) DIN rail mounting, metal case with pluggable terminal connector, 93-132 VAC input, constant current short circuit protection, UL508, 1950 & CE.	\$714
PS24-600D	Switching power supply, 24 VDC, 24A (600W) output, DIN rail mounting, metal case with pluggable terminal connector, 93-132 VAC or 187-264 VAC switch selectable input, constant current short circuit protection, UL508, 1950 & CE.	\$756
PS24-PLUG-1	Replacement terminal plug kit for PS12-050D, PS24-050D, PS24-075D and PS24-150D, 1 each input & output plug	\$18
PS24-PLUG-3	Replacement terminal plug kit for PS24-300D, 1 each input & output plug	\$22
PS24-PLUG-5	Replacement terminal plug kit for PS24-500D, 1 each input & output plug	\$24

DC Open Frame and Molded Power Supplies		
FA-24PS	Switching power supply, 24 VDC, 1.2A (30W), short circuit protection, open frame, includes DIN rail mount kit. Accepts 85-265 VAC input. Meets UL508 standard.	\$72
FA-24PS-90	Switching power supply, 24 VDC, 3.7A (90W), open frame. Comes with DIN rail mounting kit. Jumper select 95-135 or 190-265 VAC input. Meets UL 508 standard.	\$137
PS-MON-A	12 VDC molded cordset power supply, 5A, 60W output, 100-240 VAC input, integral 4 ft. output cable with 5.5 mm coaxial power plug (ID 2.5mm/OD 5.5mm/barrel length 10mm/inside positive), standard AC cord included. Intended for use with FL series of industrial monitors..	\$165
DC to DC Converters		
PSP05-DC24-5	DC to DC converter, 18-75 VDC in, 5 VDC at 5.0 amps out, DIN rail mounting, slim plastic case with detachable screw terminal connector	\$164
PSP12-DC24-2	DC to DC converter, 18-75 VDC in, 12 VDC at 2.0 amps out, DIN rail mounting, slim plastic case with detachable screw terminal connector	\$164
PSP24-DC24-1	DC to DC converter, 18-75 VDC in, 24 VDC at 1.0 amp out, DIN rail mounting, slim plastic case with detachable screw terminal connector	\$155
PSP24-DC12-1	DC to DC converter, 9.5-18 VDC in, 24 VDC at 1.0 amp out, DIN rail mounting, slim plastic case with detachable screw terminal connector	\$155
Control Transformers and Accessories		
PH50PG	12x24 VAC 50/60 Hz control transformer, 50VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$66
PH75PG	12x24 VAC 50/60 Hz control transformer, 75VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$72
PH100PG	12x24 VAC 50/60 Hz control transformer, 100VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$82
PH150PG	12x24 VAC 50/60 Hz control transformer, 150VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$106
PH250PG	12x24 VAC 50/60 Hz control transformer, 250VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$141
PH350PG	12x24 VAC 50/60 Hz control transformer, 350VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$164
PH500PG	12x24 VAC 50/60 Hz control transformer, 500VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$205
PH750PG	12x24 VAC 50/60 Hz control transformer, 750VA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$278
PH1000PG	12x24 VAC 50/60 Hz control transformer, 1 kVA, 1ph, 120x240 VAC primary, 12x24 VAC secondary; UL, CSA, and CE listed	\$322
PFK1	Primary side fuse kit for control transformers to 100VA	\$12
PFK2	Primary side fuse kit for control transformers from 150VA to 250VA	\$12
PFK3	Primary side fuse kit for control transformers from 350VA to 1KVA	\$12
FG1	Finger-safe cover for 50VA UNFUSED control transformers, includes one cover for primary side or secondary side	\$10
FG2	Finger-safe cover for 75VA and 100VA UNFUSED control transformers, includes one cover for primary side or secondary side	\$20
FGF1	Finger-safe cover for 50VA FUSED control transformers, includes one cover for primary side or secondary side	\$10
FGF2	Finger-safe cover for 75VA and 100VA FUSED control transformers, includes one cover for primary side or secondary side	\$10
FG3	Finger-safe cover for all 150VA and 250VA FUSED and UNFUSED control transformers, includes one cover for primary side or secondary side	\$10
FG4	Finger-safe cover for all 350VA and 750VA FUSED and UNFUSED control transformers, includes one cover for primary side or secondary side.	\$10
FG5	Finger-safe cover for all 1kVA FUSED and UNFUSED control transformers, includes one cover for primary side or secondary side	\$10
